A harmonious blend of Scandinavian and Italian interior design traditions, our style combines the minimal, nature-inspired clarity of the North with the ultra premium textures, warmth, and expressive elegance of the South.

# 01 About Us

We believe in the positive impact interior design has on our well-being, creativity, and productivity. We create sustainable design solutions suited to home and office spaces, big and small. What makes us unique is our blend of Scandinavian and Italian tastes and practical experience. By working with some of Italy's best architects and designers, we've been able to combine Scandinavian simplicity with more verbose Italian aesthetics to create a truly singular approach to interior design.

Our comprehensive services include finding the perfect color palette, textiles, carpets, furniture, and lighting to suit your space. We also provide room planning, a full selection of materials, and project management to guide you through the process from start to finish. Over the years, we've built great relationships with architects and builders with whom we work together on each project, giving our clients a full-service design team to plan and design your dream home.

# 02 What We Do

## Fit-Out Consultation

Our consultation service establishes your needs and what we will deliver to transform your space.

## Project Plan and Schedule

We provide specialist expertise, including design concepts, specifications, and technical drawings.

## Fair Project Budgeting

We believe that great interior design should be open to everyone, regardless of their budget.

## Digital Project Rendering

We provide you with digital visualizations of your space to ensure you're completely happy with the design.

As we evolve, our  
homes should too.

ZAR PER REQUEST  
PER SQ. M.

## Designer fee

If the budget is established initially, designer fees are paid at an agreed percentage of the budget.

10 - 15% OF PROJECT  
BUDGET

# Built to Belong

Our Italian, German and Scandinavian inspired architecture is defined by its simplicity, functionality, and deep connection to nature. Rooted in the Nordic landscape and way of life, it emphasizes clean lines, minimalism, and natural materials like wood, stone, and glass. The style prioritizes light, both natural and spatial, making interiors feel open, calm, and airy, even in the darkest months. With a focus on sustainability, craftsmanship, and timeless design, Scandinavian architecture blends beauty and purpose to create spaces that are both enduring and effortlessly livable.

# 09 Contact Us

Whether you're redesigning a single room or developing a complete space from the ground up, we'd love to hear from you. At GOVARO, we specialize in thoughtful, functional, and timeless interiors tailored to your vision. Based in Randburg, we work with clients locally and internationally to bring spaces to life through Scandinavian design point of aesthetic sensibilities.
